

Yorke Mead Primary School

Sports Premium Report

What is the Sports Premium?

Schools receive a payment, or Sports Premium, for each child who is on roll. This money is ring fenced funding which must be spent on improving the provision of PE and sport within school. The money is being jointly provided by the Departments for Education, Health and Culture and Media and Sport.

Purpose of the Funding

Schools will have to spend the sports funding on improving their provision of PE and sport, but they will also have the freedom to choose how they do this.

Possible uses of the funding include:

- hiring specialist PE teachers or qualified sports coaches to work with primary teachers when teaching PE
- supporting and engaging the least active children through new or additional Change4Life clubs
- paying for professional development opportunities for teachers in PE and sport
- providing cover to release primary teachers for professional development in PE and sport
- running sport competitions, or increasing pupils' participation in the School Games
- buying quality assured professional development modules or materials for PE and sport
- providing places for pupils on after school sports clubs and holiday clubs
- pooling the additional funding with that of other local schools.

Sports Premium Allocation at Yorke Mead	
2016/17	£9195
2015/16	£9135
2014/ 2015	£9350
2013/ 2014	£9195

How is Yorke Mead using the Sports Premium?

At Yorke Mead we believe that the money spent should be to the benefit of all pupils regardless of ability. As the Sports premium is money that is only guaranteed until 2020 we believe this money must be spent on supporting the long term improvement of PE teaching of the school teachers, so that the impact can stay after the funding has gone.

We also wish to improve children's engagement in physical activity in their own time, beyond the curriculum, developing a life long love of sport and active play.

The table below outlines how we intend to spend the sports funding in 2016-17

Hiring Qualified Sports Coach to work alongside teachers when teaching P E

The school has hired the services of PSD (Primary Sporting Development). PSD is a specialist sports coaching company that works within schools. Their philosophy is to "*provide a comprehensive programme of activity that will attract and sustain young people's interest; helping them to fulfill their maximum sporting potential.*"

At Yorke Mead Mr Rob Morris supports the teaching of PE, attending every Thursday throughout the year. This will over the course of the year benefit all children from Early Years to Year 6. Not only will the children benefit but he staff he supports will also benefit as their own practice teaching PE is enhanced and developed. To find out more visit

Purchase and Delivery of REAL PE Scheme

In September 2015 the school invested in the purchase of and training in delivery of REAL PE. This is a skills based PE scheme that focuses on the core development of agility, balance, co-ordination, healthy competition and co-operative learning. Our Sports Coach supports staff in the delivery of effective REAL PE lessons.

Additional After School Sports Club (Years 3-6)

Yorke Mead School already runs a large number of after school clubs. Each Thursday Mr Morris will run an additional club for children in Key Stage 2. The focus of this club will be to enhance the children's confidence and encourage team building using Dodgeball as the focus of activity. Children will be allocated places in the club on a termly basis.

Encouraging Sport for All (*This Girl Can Club and 1:1 sessions for children who need support with co-ordination and core strength*)

Mr Morris will also organise a number of activities, aimed at encouraging girls who have previously shown a less than positive attitude to PE. The focus of this work will be to develop the confidence of these children and hopefully encourage the children to develop a positive attitude to sport that they can carry forward with them throughout Key Stage 2 and beyond into secondary school.

In addition children who have under developed co-ordination or a weak core strength that is impacting on their ability to perform to age related expectations and may be impacting their enjoyment of sport also will receive 1:1/ small group sessions with Mr Morris to encourage and develop these skills.

Membership of the Rickmansworth Sports Partnership

Yorke Mead will be able to maintain membership of the schools sports partnership. This will ensure the children of Yorke Mead are given the opportunity to attend a number of competitive sporting events in the local area, and if successful qualify for County finals. It also enables staff to attend training to develop their own PE teaching.

In addition there will be sporting festivals held for two year groups during the year, and children in Years 3 -6 will attend a sporting festival each year that all children are able to compete in.

Membership of The Youth Sports Trust

The Youth Sport Trust is passionate about helping all young people to achieve their full potential - and has a range of support available to those working in education and school sport.

Their specialist staff work closely with all schools (primary, secondary and special educational needs) and a range of partners including National Governing Bodies of Sport, our corporate partners and Government, to get even more young people involved in PE and school sport.

Membership will again allow the Yorke Mead staff access to a range of resources and training that

will enhance the teaching of PE and sport at Yorke Mead.

Additional Plans for 2016/2017 Expenditure

In addition to the continued use of above the school plans to develop PE and sport further by:

Annual Health and Wellbeing Week

Our plan is to develop our annual Sports Week into a Health & Wellbeing week. This year a key focus of this week will include delivery of skipping workshops for all year groups as well as yoga and mindfulness sessions.

Play Rangers

The delivery of adventurous outdoor play sessions by the Three Rivers Play Rangers will improve the extent children are active at lunch times.

Inspiration for All

Visiting athlete to share inspirational story to encourage children to participate in sporting activities.
